

# "Panteya®" Evalar, tablets

The complex is based on the extract of marals' antlers (new horns), containing a wide range of biologically active substances and reinforced with zinc, for active lifestyle at any age. Marals' antlers (new horns) are a valuable natural raw material, unsurpassed in its unique biological ability to heal the human body.

Panthocrine Panteya has a mild and physiologically beneficial effect of increasing physical and mental capacities, improving the body's resistance to the effects of various physical or biological stressors.

The extract of marals' antlers, reinforced with zinc, promotes:

Increasing energy and efficiency

Strengthening the immune system

Normal sexual function

Ingredients: Extract of Maral Antlers, Zinc Lactate.

# "SUGAR BALANCER®" Evalar

Non-hormonal herbal remedy for maintaining the normal sugar level. The composition includes inulin and gymnema. Gymnema slows down the absorption of glucose, lowers blood sugar levels to normal values, reduces the craving for sweets. Inulin activates the metabolism and fat burning processes associated with the absorption of glucose, and maintains the normal level of sugar.

Ingredients: Inulin, Gymnema Extract.

# 5 HTP

Non-medicinal antidepressant.

5-HTP is a natural\* "antidepressant" of plant origin with a high degree of assimilation helps:

- synthesize serotonin and melatonin in the body
- reduce the effect of stress on the body (anxiety, depression, irritability, aggressiveness, apathetic state, panic attacks, neurosis), calm down and relax
- improve mood
- adapt when changing time zones
- promotes increase in energy and efficiency, gives vigor
- normalization of a healthy cycle of sleep and wakefulness, normalization of sleep based on emotional breakdown, improvement of the quality and duration of sleep
- reduce food addiction, cravings for carbohydrates: sweets, starchy foods
- reduce cravings for alcohol, tobacco and other addictive substances

- Slow down the rate of aging (anti age effect)
- Increase immunity
- Detoxify the body (removal of toxic substances and heavy metals)
- Reduce inflammation
- Improve the functioning of the lungs and liver
- Restore of damaged tissues
- Antioxidant protection of the body

# AEvitamin, capsules

A combination of vitamins with immune stimulating and antioxidant properties, an additional source of vitamins A and E.

Ingredients: Vitamin A, Vitamin E.

# Agrimony herb

For the liver and gall bladder.

# Alpha-lipoic acid 100 mg, capsules

Maximum content of alpha-lipoic acid in 1 capsule to support metabolism. Alpha-lipoic acid plays a key role in the metabolic function, promoting the conversion of glucose into energy. As an antioxidant, it protects cells from damage by free radicals. Alpha-lipoic acid reduces blood glucose levels in people with diabetes. The product has a hepatoprotective effect, and can be used as part of a comprehensive therapy of liver diseases such as hepatitis, cirrhosis, etc. Alpha-lipoic acid is successfully used for weight loss.

Promotes:

- support of metabolism
- antioxidant protection and detoxification of the body
- slowing down the aging process
- protection of liver cells
- lowering blood sugar level
- weight control

# Antioxidant formula, capsules

A powerful antioxidant multi-agent product against aging, which includes 22 antioxidant ingredients: vitamins, minerals, amino acids, and plant extracts. High quality raw materials from Germany, Switzerland, and France.

Promotes:

- protection against free radicals and negative environmental factors
- maintaining youth and active longevity

The production of the ANTI-AGE range omega-3-containing products uses fish oil from the internationally renowned company BASF–Pronova Pure 500:200 EEUU from Pronova Bio Pharma Norge AS, Norway. This raw material consists of highly concentrated omega-3 fatty acids derived from carefully selected fish oils.

Fish oil is purified based on a patented technology that makes it possible to remove unwanted impurities and keep valuable omega-3 fatty acids.

Several steps of molecular distillation are used to manufacture the product with a high concentration of omega-3.

The quality meets the requirements of the European Pharmacopoeia.

# Antiseptic Spray For Hands And Devices

Sanitizing 99% of hands, gadgets and any surrounding surfaces.

For quick disinfection of hands or gadgets: while walking, traveling, outdoors, in the office - anywhere and anytime, use an antiseptic spray for hands and gadgets made by Evalar.

Benefits:

- Ethyl alcohol content - 70%
- Not every antibacterial agent is an antiseptic. In order not only to reduce the number of microbes, but to reduce the risk of infection with viruses and bacteria, it must contain at least 60% alcohol. The antiseptic spray by Evalar contains more - 70% ethyl alcohol: at this concentration, ethanol penetrates into the deep layers of the epidermis for a more pronounced antiseptic effect.
- Sanitation - 99%

Ethyl alcohol in the composition provides a high degree of disinfection - 99%.

- Does not leave traces, film, stickiness, etc., as it contains only alcohol and water
- Suitable for disinfection of most surfaces, including plastic and glass
- Convenient spray nozzle

Apply a small amount of the solution to the surface and rub until completely dry.

# Aqua Master spray

Nasal salt spray at the best price.

A universal remedy for the treatment of any kind of runny nose in case of a common cold or allergy. Gently cleanses the nose of viruses, bacteria and allergens, can be used by adults, pregnant women and children. Suitable for daily hygiene and disease prevention. After the spray is spent, the vial with a detachable nozzle can be used as a convenient appliance for rinsing the nose with the solution of sea salt supplied in a GIFT, at the rate of 1 bag per vial. Advantage: 2 times less expensive than the analogue.

Ingredients: Sodium Chloride.

# AquaMaster Evalar Device for nasal irrigation and rinsing

This device is used for irrigation and washing of nasal mucosa. It has a detachable spray nozzle that enables to use it with sea salt AquaMaster Evalar (an agent for irrigation and washing of nasal mucosa).

Sea salt AquaMaster Evalar (in sachet bags) is for prevention and complex treatment of ENT disorders in adults and children older than 3 years. It is used for preparation of solution for irrigation and washing of nasal mucosa.

It is applied with the use of AquaMaster Evalar device for the following indications:
